Refuse containers and storage areas must be obscured from view from the street on which the residence is located. (e) No burning of trash, rubbish, or garbage will be permitted on any lot.

All vehicles shall be parked in a driveway or parking area immediately adjacent to the residence.

(ii) Construction equipment, earth moving trucks or equipment, tractor-trailer units or any part thereof, and other heavy vehicles and machinery may not be kept on any lot.

Exceptions:

(1) Parking and use of commercial trucks and equipment is permitted on a lot when construction on the lot is actually in progress on that lot and requires the immediate use of

such vehicles.

(2) With the consent of the Board of Directors snow removal equipment may be kept on a lot during the winter months.

(c) Recreational vehicles:

The term "Recreational Vehicle" (RV) shall mean recreational vehicles such as motor homes, 5th wheel and conventional hitch camper travel trailers, pickup campers whether mounted or not, boats, motorcycles, snow machines, all terrain vehicles, and other off road vehicles and water craft typically used for recreational purposes. A camper shell actually mounted on a pickup shall not be considered an RV. The term RV shall also include trailers intended to transport an RV, horse trailers not larger than four-horse capacity, and utility trailers whether or not used to transport RVs.

The term "Residential RV" shall mean a recreational vehicle any part of which is designed for use as living quarters.

All RV's placed on or in a single trailer will, together with the trailer, be considered a single RV.

(d) Recreational vehicles may be kept and maintained unenclosed on residential lots provided that:

(1) There is an occupied residence on the lot upon which any RV is kept, and,

(2) The RV unit is factory manufactured, in good repair, and if designed for use on public streets and highways, licensed and registered.

(3) No more than three (3) RVs may be kept unenclosed on any lot, including lots with multi-family residences. No more than one RV on any lot may be a "Residential RV". All other RV's on any lot shall be kept in an enclosed structure.

(e) Other equipment and trailers: Regardless of the intended use, all trailers kept

outside on any lot must be originally designed and built for use as a trailer and be of a size consistent with single-family residential use. Except as otherwise provided in these covenants, no other trailer or other equipment shall be kept on any lot within the properties.

(f) Storage and screening: All trailers and RVs kept outside on any lot shall be kept in a neat and orderly manner so as to minimize the visual impact on the surrounding neighborhood and roads. If screening or partial screening by trees and shrubbery is impossible or impractical, RVs shall be kept as close as practicable to the side or rear of the residence. RVs may not be kept in front of any residence.

Section 11: INTERPRETATION, DISPUTES, TEMPORARY DEVIATION:

(a) The Board of Directors shall be the final authority on questions of interpretation of these covenants or disputes among members arising under these covenants.

ARTICLE V

MEMBERSHIP AND VOTING RIGHTS

Section 1: Every owner of a Lot which is subject to assessment shall be a member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any Lot which is subject to assessment.

Section 2: When more than one person holds an ownership interest in any Lot, all such persons shall be members. The vote for such Lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any Lot. In the event a corporation is the owner of a lot, the corporation shall only be entitled to one vote per lot,

notwithstanding the number of stockholders in a corporation.

ARTICLE VI

COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1: CREATION OF LIEN: PERSONAL OBLIGATION: Each owner of any Lot by acceptance of a deed, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual, or more frequent if necessary for operating reasons, assessments or charges, (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided, and (3) the reasonable expenses incurred by the Association to remove trash, and overgrown grass, shrubbery, or any other vegetation which has been allowed to accumulate on any lot and become a fire hazard. The assessments, together with interest, costs and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, cost, and reasonable attorney's fees, shall also be the personal obligation of the person(s) or entity who was the Owner of such property at the time when the assessment became due.

Section 2: PURPOSE OF ASSESSMENTS: The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents.

Section 3: ANNUAL ASSESSMENT: The annual assessment for all lots shall be the amount established as of the date these revised covenants are accepted. The Board of Directors may increase the annual assessment not more than ten percent (10%) above the assessment for the previous year without a vote of the membership. The annual assessment may be increased above

ten percent (10%) by a vote of two-thirds (2/3) of the members, who are voting in person or by proxy, at a meeting duly called for this purpose.

Section 4: SPECIAL ASSESSMENTS FOR CAPITAL IMPROVEMENTS: In addition to the annual assessment authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only. Any such assessment must have the assent of at least two-thirds (2/3) of the votes of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5: NOTICE AND QUORUM REQUIRED: Written notice of any meeting called for the purpose of taking any action authorized under Section 3 and 4 shall be sent to all members not less than fifteen (15) days nor more than forty-five (45) days in advance of the meeting. At the first such meeting called, a quorum shall exist when the membership votes present, together with proxies of absent members entitled to vote, equals sixty percent (60%) of the total voting membership. If the required quorum is not present, subsequent meetings may be called subject to the same notice requirement. A quorum at a second or subsequent meeting shall exist when those members present, together with proxies of absent members entitled to vote, equals thirty percent (30%) of the total voting membership. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 6: RATE OF ASSESSMENT: Both annual and special assessments must be fixed at a uniform rate for all Lots and may be collected on a monthly basis.

Section 7: DATES OF ANNUAL ASSESSMENTS, DUE DATES: The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. If there is a change in the assessment, a written notice of the change in the annual assessment shall be sent to every Owner subject thereto. The due dates

shall be established by the Board of Directors, and unless otherwise provided, the Association or its assigns shall collect each month from the owner of each Lot one-twelfth (1/12) of the annual assessment for such Lot. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. Such certificates shall be conclusive evidence of payment of any assessment indicated on the certificate.

Section 8: EFFECT OF NONPAYMENT OF ASSESSMENT - REMEDIES:

(a) Delinquency: Any assessment provided for in this Declaration, which is not paid when due, shall be delinquent. With respect to each assessment not paid within fifteen (15) days after its due date, the Association may, at its election, require the Owner to pay a "Late Charge" in a sum to be determined by the Association, but not to exceed ten dollars (\$10.00) per each delinquent assessment, plus interest at the rate of ten percent (10%) per annum on such assessment.

(b) Creation of Lien: The amount of all delinquent regular and special assessments plus interest thereon and any expense reasonably incurred in collecting and/or enforcing such assessments, including costs and reasonable attorney's fees, shall be and become a lien upon the lot so assessed. The lien shall attach to the Lot as of the time the Association causes to be recorded in the office of the County Clerk of Campbell County, Wyoming, a Notice of Assessment Lien, which shall state:

1. The amount of the delinquent assessment and such related charges as may be authorized by this Declaration.
2. The name of the Owner of record or reputed Owner of the Lot.
3. A description the lot against which the lien has been assessed.

The notice shall be signed by two board members of the Association. The assessment lien

shall also be deemed to secure all of the foregoing items which shall become due and/or incurred relative to the Lot after the recordation of the Notice of Assessment Lien until the completion of the enforcement of the lien or the payment of the full amount secured by the lien, or other satisfaction to be made in connection therewith. No proceeding or action shall be instituted to foreclose the lien until notice of intention to proceed to foreclose the lien has been delivered by the Association to the Owner of the lot affected by the lien at least thirty (30) days prior to the commencement of any such action or proceeding. The assessment lien may be enforced by judicial foreclosure; provided, however, that said method of enforcement shall not be exclusive but shall be in addition to any other rights or remedies which the Association may have by law or otherwise. The Association shall also have the right to bid at any such foreclosure sale and to hold, lease, mortgage and convey such lot upon its purchase.

(c) Curing of Default: Upon the timely curing of any default for which a notice of lien was filed by the Association, the officers of the Association are hereby authorized to file or record, as the case may be, an appropriate release of the lien. A curing shall occur upon payment by the defaulting Owner, an amount to be determined by the Association, which amount shall not exceed the amount of deficiency, accrued interest and all costs and attorney fees incurred relating to the filing and release of the lien.

(d) Cumulative Remedies: The assessment lien and the right to judicial foreclosure thereunder shall be in addition to and not in substitution for all other rights and remedies which the Association and its assigns may have hereunder and by law, including a suit to recover a money judgment for unpaid assessments, as above provided.

Section 9: INSURANCE ASSESSMENTS: The Board of Directors, or its duly authorized agent, shall have the authority to and shall obtain property, liability and such other insurance as is

Book 2214 of Photos, Page 220

deemed necessary for the buildings and improvements subject to the jurisdiction of the Association. The insurance shall be in an amount sufficient to cover the full replacement cost of any repair or construction work in the event of damage or destruction from any insured hazard. Premiums for all such insurance shall be paid by the Board of Directors for the Homeowner's Association from funds collected through the annual assessment.

In the event of damage or destruction by fire or other casualty to any property covered by insurance written in the name of the Association, the Board of Directors shall, with concurrence of the mortgagee, if any, upon receipt of the insurance proceeds, contract to rebuild or repair such damaged or destroyed portions of the property to as good a condition as formerly. All such insurance proceeds shall be deposited in a bank or other financial institution, the accounts of which bank or institution are insured by a Federal governmental agency, with the provision agreed to by said bank or institution that such funds may be withdrawn only by signature of at least one-third (1/3) of the members of the Board of Directors, or by an agent duly authorized by the Board of Directors. The Board of Directors shall advertise for sealed bids with any licensed contractors, and then may negotiate with any contractor who shall be required to provide a full performance and payment bond for the repair, reconstruction or rebuilding of such destroyed building, buildings, or other improvements.

ARTICLE VII

CAMPBELL COUNTY COMMISSIONERS

Pursuant to the Subdivision Regulation of Campbell County, Wyoming, in the event the Association shall fail to maintain the common facility in a reasonable order and condition in accordance with the original plan submitted with the final subdivision plat, the Board of County

Commissioners shall serve written notice upon such organization or upon residents involved, setting forth the manner in which the Association has failed to maintain the facility in a reasonable condition, and said notice shall include a demand that such deficiencies of maintenance be corrected within thirty (30) days thereof, which shall be held within fourteen (14) days of notice. At such hearing, the County may modify the terms of its original notice as to the deficiencies and may give an extension of time within which they shall be corrected. If the deficiencies set forth in the original notice or in the modifications thereof are to be corrected within said thirty (30) days or any extension thereof, the County, in order to preserve the taxable values of the property contained within the subdivision, and to prevent the common facilities from becoming a public nuisance and public liability, may undertake to maintain the same for a period of one (1) year.

Before the expiration of said year, the County, upon its initiative or upon the written request of the Association therefore responsible for the maintenance of the common facility, call a public hearing upon notice to such Association and/or the residents shall show cause why such maintenance by the County shall not, at the election of the County, continue for a succeeding year. If the Board of County Commissioners shall determine that such Association is ready and able to maintain said common facility in a reasonable condition, the County shall cease to maintain said common facility at the end of said year.

The cost of such maintenance by the County shall be paid by the owners of the properties within the subdivision that have a right to enjoyment or use of the common facility involved and any unpaid assessments shall become a tax lien in the office of the County Clerk upon the property affected by such lien within the subdivision, and shall certify such unpaid assessments to the County Treasurer for collection, enforcement and remittance of general property taxes in the manner provided by law.

ARTICLE VIII
