NATURE AND DURATION

These covenants are to run with the land and shall be binding on all parties and all persons claiming under owner for a period of twenty-five (25) years from the date these covenants are recorded, after which time said covenants

shall be automatically extended for successive periods of ten (10) years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

ENFORCEMENT

Enforcement shall be by proceeding at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violations or to recover damages. In the event such suit is necessary, the party found to be violating those covenants shall pay all costs of said suit including a reasonable attorney's fee.

SEVERABILITY

Invalidation of any one of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

NON-ENFORCEMENT

Failure by the present owner, the architectural control committee, or any land owner in the subdivision described herein to enforce any restrictions, conditions, covenant or agreement herein contained shall in no event be deemed a waiver of the right to do so thereafter as to the same breach or as to one occurring prior or subsequently thereto.

ARCHITECTURAL CONTROL COMMITTEE

1. Membership. The Architectural Control Committee is composed of:

One representative to be appointed by Sunoco Energy Development Co. ("SUNEDCO"), one representative to be appointed by Pulte Home Corporation ("PULTE"), a corporation with offices in Laramie, Wyoming, and a third representative selected by mutual agreement of the first two representatives if they determine that a third representative is necessary. SUNEDCO and Pulte shall be free to change their appointed representatives from time to time, who may in turn by mutual agreement change the third representative. At any time, the then record owners of a majority of the lots shall have the power, through a duly recorded written instrument, to change the membership of the committee or to withdraw from the committee or restore to it any of its powers and duties, provided, however, that Pulte shall not do so without SUNEDCO's prior approval.

2. ARCHITECTURAL CONTROL. No building shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the architectural control committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finished grade elevation. No fence or wall shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the fence or wall have been approved by the architectural control committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finished grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any fronting street than the minimum front building set-back line unless similarly approved. Approval shall be as hereinabove provided.

LAND USE AND BUILDING TYPE

No lot shall be used except for residential purposes. No building shall be erected, altered, placed, or permitted to remain on any lot other than one detached single-family dwelling not to exceed two stories in height and a private garage for not more than two cars. DWELLING COST, QUALITY AND SIZE

No dwelling shall be permitted on any lot at a cost of less than \$30,000 (exclusive of land costs) based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenant to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the permitted

dwelling size. The ground floor area of the main structure, exclusive of one-story open porches and garages, shall be not less than 800 square feet for a one-story dwelling, nor less than 600 square feet for dwellings of more than one-story. The total square footage of entry and upper levels for split-level dwellings shall not be less than 800 square feet.

BUILDING LOCATION

1. No building shall be located on any lot nearer to the front lot line or nearer to the side street line than the minimum building set-back indicated on the recorded plat. In any event, no building shall be located on any lot nearer than twenty (20) feet to the front lot line.

2. No building shall be located nearer than five (5) feet to an interior lot line, except that no side yard shall be required for small storage buildings designed to house lawnmowers and gardening tools and supplies if so approved by the Architectural Control Committee. No dwelling shall be located on any lot nearer than twenty (20) feet to the rear lot line.

3. For the purposes of this covenant, eaves, steps, fireplaces, chimneys, and open porches shall not be considered as a part of a building provided, however, that this shall not be construed to permit any such items or portions of a building on a lot to encroach upon another lot.

LOT AREA AND WIDTH

EASEMENTS

Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structure, planting or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction and flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

NUISANCES

No noxious or offensive activities shall be carried upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

TEMPORARY STRUCTURES

No structure of a temporary character, housetrailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence, either temporarily or permanently. This covenant shall not be construed to preclude the placing on any lot of a camp trailer to be used elsewhere for recreational purposes, provided that such placement is in accordance with the other covenants in this Part C.

SIGNS

No sign of any kind shall be displayed for public view on any lot except one sign of not more than five square feet advertising the property for sale or rent, or signs used by builder to advertise the property during the construction and sales period.

OIL AND MINING OPERATIONS

No oil or natural gas drilling, development or other operations, oil refining, quarrying, or surface, underground or in situ mining operations of any kind shall be permitted upon, in, or under any lot, nor shall oil or natural gas wells, tanks, in situ wells, tunnels, mineral excavations or shafts be permitted upon, in, or under any lot. No derrick or other structure designed for use in boring for oil, natural gas, coal or other minerals shall be erected, retained, or permitted upon any lot.

LIVESTOCK AND POULTRY

No bees or other insects, animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats, or other common household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose.

GARBAGE OR REFUSE DISPOSAL

No lot shall be used or maintained as a dumping ground for debris or rubbish. Trash, garbage or other waste shall not be kept except in closed sanitary containers. No incinerators shall be kept or maintained on the premises.

SIGHT DISTANCE AT INTERSECTIONS

No fence, wall, hedge or shrub planting which obstructs the sight lines at elevations between two and six feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. The

same sight-line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No trees shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight-lines.

COMMERCIAL VEHICLES

No commercial type vehicle and no trucks (not including those vehicles commonly known as pickup trucks) shall be stored or parked on any lot except in a closed garage or other location not readily visible from the street, nor shall such vehicles or trucks be stored or parked on any residential street or alley except while engaged in transport to or from a residence.

STORAGE

No front yard, street or other location readily visible from the street shall be used for storage of any type, including by way of illustration and not limitation, boats, trailers, camp trailers, recreational vehicles, motorcycles, snowmobiles.

SEEDING AND PLANTING

When any building shall be constructed upon said lot, the owner of the lot shall cause the area lying between the set-back for the front of the house and extending to the street to be seeded and suitably planted with grass, decorative shrubs and flowers, trees or any combination thereof except those areas as shall be constructed and used for sidewalks, driveways and parking spaces. Under no circumstances may more than forty percent (40%) of said front area be used for sidewalks, driveways and parking spaces.

STORING, ABANDONMENT, AND REPAIR OF VEHICLES

No vehicle of any kind shall be abandoned on any lot or street, nor parked for more than twenty-four (24) hours on any lot or street for the purpose of making repairs or alterations thereon. No junked or unlicensed vehicle shall be kept on any lot, street or alley.
